EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Specification, page 14, line 26: change "layer" to -- layer 12 --.

Allowable Subject Matter

2. Claims 1-2 and 4-15 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art of record and to the examiner's knowledge does not teach or render obvious, at least to the skilled artisan, the instant invention regarding a method of fabricating a microswitch, particularly characterized in claim 1 by the first subassembly having a first substrate with conducting lines and a control electrode, the substrate having regions of additional thickness and a second conducting layer, with each region of additional thickness being covered with a thickness of metal identical to that of the conducting lines.

4. The closest prior art of record is Seki (6,486,425 B2) which discloses the claimed invention except for the first subassembly containing a substrate with regions of additional thickness, each region of additional thickness being covered with a thickness of metal identical to that of the of conducting lines. Hays (U.S. 6,143,583) discloses a MEMS device containing a substrate with regions of additional thickness covered by

Art Unit: 2812

metal. However, in the invention of Hays, the metal on the regions of additional thickness is the actual conducting line and there are no additional metal lines or structures (i.e. electrodes) as implied by claim 1 of the instant application.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
